Thanks for your good work on sharpening these goals, Wendy.
There are still too many words, but such is the fate of consensus processes.
We won't be offering more edits, so they're good to go from EPA's perspective.

Subject: SJTSP Goals Fishery Agencies and NGOs

All – Please see attached a cleaned-up version of the goals that aspires to include the contributions of the NGOs, CDFW, NOAA, USFWS, and EPA. I wanted to run this by you one more time before sending it over to the districts.

I would greatly appreciate it if you would: (1) distribute this to others within your respective stakeholder groups as you feel appropriate; and (2) let me know by the end of this week whether you will have edits to this.

Thanks so much. I know all of you have much on your plates.

Wendy Bogdan
